★ Man's debt to his four-footed comrade is constantly increasing. The dog's character, different from that of all other animals, has won for him his unique place in history, literature, art, and the heart of Man. It is a dog's nature to love human beings better than he loves his own kind.

★ Sir Walter Scott wrote, "The Almighty, who gave the dog to be the companion of our pleasures and our toils, hath invested him with a nature, noble and incapable of deceit. He hath a share of Man's intelligence, but no share of Man's falsehood."

# DEDICATION

★ Those of you who love dogs probably do so because of an individual canine that has owned you — we mean literally, for a dog more frequently owns his master than does the man own the dog. We make pets of horses, of cats, and of birds; but the dog is the only one of all God's creatures that has made himself the real friend of man. His unselfish devotion and intelligent courage sometimes excel those qualities of man himself. It is, therefore, a privilege to dedicate the 1945 SAGA-MORE to those of you who have made yourselves a real friend of dogs.

**WILLARD E. GOSLIN**

## **SUPERINTENDENT OF MINNEAPOLIS SCHOOLS**

## **PRINCIPAL OF ROOSEVELT HIGH SCHOOL**

**WILLIAM P. VON LEVERN**

Willard E. Goslin came to Minneapolis from Missouri in 1944 to become Superintendent of Minneapolis schools. After receiving his bachelor's degree in education, he went to Slater, Missouri, as principal. A year later he became superintendent of schools there. His master's degree was received from the University of Missouri.

Mr. Goslin says that public education should realize that the whole child comes to school. Therefore, teachers should contribute to his bodily growth. Mental health and emotional stability must also be promoted. Mr. Goslin believes firmly that the prime objective of education is the teaching of democracy as a way of life. Mr. Goslin has won admiration from all the students and faculty of Roosevelt High School.

William P. von Levern came to Roosevelt in 1924. He was assistant principal until 1934 when he became principal at Lincoln Junior High. He returned to Roosevelt as principal in 1939.

To Mr. von Levern the outstanding thing at Roosevelt is our system of Student Government. It was organized in 1925 by him and continued to grow more and more after he became principal.

It was organized because he felt the need for giving students practice in a democratic form of government in school, experience in leadership, and practice in self control.

Now under way is the building of a youth center started by Mr. von Levern and the P.T.S.A. as a memorial for the boys fighting in this war.

Physical fitness training at Roosevelt High School is one of the outstanding courses brought on by the present war. Each senior boy is required to take four hours of gym a week. One hour is set aside for first aid. The physical fitness course at Roosevelt is rated as one of the hardest in the city. One hour each week the boys must go through an obstacle course. Some returning service men claim that the obstacle course is as hard as the ones they had at boot training. The girls do not have obstacle courses, but one hour a week is used for exercising. The A senior girls are required to take gym three hours a week. The entire student body rates gym as its favorite class.

## Faculty

The welding classes here at Roosevelt High School are helping to train students so that they can go out and find a job. These welding classes at the present are helping to relieve a manpower shortage. Mr. L. Brick, who teaches welding, says, "Welding classes in all schools help many students to go out and get a job."

Welding, machine shop, printing, and wood turning taught by Mr. R. Dennis, Mr. E. Olson, and Mr. W. Titsworth, respectively, help to build up a student's knowledge of skilled workmanship. Mechanical drawing gives the student a good foundation for other shop courses. Girls and boys are both admitted to various shop classes.

## Library

Roosevelt High School is noted throughout the city for its beautiful and well-stocked library. Since 1935, besides the 12,000 books the library already had, the English department has bought and contributed 13,000 English books. Science, social studies, and drama classes have also contributed many books. Students are assistants in the library under the capable supervision of Miss Augusta Bjeldanes and Miss Hildur Swanson. These students have a good chance to learn a helpful vocation, and the librarians couldn't get along without them.

During the past year, two new rooms have been added to the library. There is a new English room for all the grades and another for just senior books. The most beautiful room is the browsing room which displays our best books.

## Hygiene

Despite the wartime shortage of nurses, Roosevelt High School is lucky enough to have a trained nurse at school all the time. Besides serving as nurse, Mrs. Florence Leversee has eight home nursing classes, all 12A girls are required to take this course. Many serious accidents and illnesses are prevented by having a fully trained nurse here at Roosevelt. Every student, during his junior year, is checked for tuberculosis. Every student absent from school is checked by the nurse; thus contagious diseases are stopped from being spread. Mrs. Kathryn Boyd, the visiting teacher, is a great help to many students. Her job is to talk with students here at Roosevelt who are having any sort of trouble. The students appreciate the work Mrs. Leversee and Mrs. Boyd do.

## Student Council

The Student Council's outstanding project is the War Memorials Fund. This project is a memorial in honor of the Roosevelt Service-

men who have sacrificed their lives in the service of our country. The War Memorial will take the form of a youth center. The youth center will be constructed on the school parking lot. The building is to be a brick structure that will house recreational facilities. A skating party at the arena was the first project to raise funds to support this worthwhile project. A portion of the proceeds from other projects will also be used to further the project.

The supervision of most of our school activities is in the hands of the Student Council. This large organization which administers student government to our school with the guidance of Mr. Christenson, is composed of students who are elected representatives of the student body. Occasionally our Principal, Mr. von Levern, advises the council on matters of importance. The council is composed of numerous committees which execute the duties assigned to them.

## BOARD OF GOVERNORS

One of the most active committees is the Board of Governors which supervises the operation of the study halls. The Ethics Committee meets daily to discipline those who fail to comply with the regulations established by the council. Each week the war stamp and bond orders must be filled by the Stamp Committee. The members of the committee have quite a bit of work in filling these orders. The Service Point Committee checks and files the service point records of all students. We have had the pleasure of enjoying several good auditorium programs that were sponsored by the Student Talent Committee. There are numerous other committees that are essential to our fine system of student government. It is a credit to our school to be known throughout our state for the outstanding way in which our council conducts the business of our school.

## PAPER SALES

Twice this year the council has sponsored paper drives. The Roosevelt district is divided into sections and a group of five stu-

dents is assigned to each section. Each group works with a car and trailer. At the end of the day these fortunate people, who have been excused from school, are near exhaustion after lifting heavy bundles of paper, falling down stairways, and even repairing flat tires. It is surprising what one will go through to get out of a day of school work that will probably be made up anyway.

## Sagamore Staff

Since the dog is man's best friend, the staff has chosen "Dogs" as the theme for the 1945 Sagamore. Judging by the number of dogs that can be seen roaming the halls of Roosevelt High School, the staff decided that dogs are liked by both the faculty and the students. They have tried to include the dogs that are familiar to Roosevelt students—both the animate and the inanimate ones. They hope you will like the plaid cover designed by Paul Albitz.

Perhaps you are wondering why the yearbook is called Sagamore. Several years ago a contest was held to find a new name for the book. The winning name was Sagamore, which comes from Sagamore Hill, Theodore Roosevelt's home.

This year for the first time the staff has co-editors and two photographers, in order that the work may be spread out among more students.

### AWARDS RECEIVED

We are proud of the record of five All-American awards in the last six years. All-American is the highest rating given to yearbooks by the National Scholastic Press Association. The Columbia Scholastic Press Association awarded the Sagamore a first place for the 1943 and 1944 yearbooks. Last year the book also received six yearbook awards from the Minnesota High School Press Association.

## Standard Staff

The Standard Staff, which formerly met in Room 325, now has the exclusive use of Room 326. The staff may usually be found in their office during the fourth period. They are probably working on their assignments for the next issue of the paper; that is, if the warm wind blowing through the open windows and the shouts of students enjoying their lunch period have not set their minds wandering. The brisk sounding of the passing bell awakens the few that have been day dreaming to the realization that the deadline is near. On Monday the office is the scene of great activity. There is no sign of day dreaming. The staff typewriter sounds out a hesitant staccato as a one-fingered typist attempts to complete his article. The typist is surrounded by staff members, who all think they should use the battered typewriter next; however, they do agree that the person at the typewriter should have finished long ago. Everyone is conscious of the impending deadline. Immune to the turmoil that surrounds him, Mr. Nielsen calmly executes his duties as the adviser of the staff. On the following Thursday the students eagerly receive their copies of the Standard to read the latest information on the events of the week and to aggravate their teachers by reading during their class periods.

## Latin Club

One of the newer clubs at Roosevelt is the Latin Club. It was organized on September 23, 1943 in an effort to further an interest in Latin. One would suppose that a club centered around what is usually considered a dry language would have very few members; however, the club is very active.

There are few requirements to join the club. That the student be interested in Latin and that he or she take it as a subject for at least one term in junior or senior high school are the only requirements.

The club meets the first and third Thursdays of each month with Mrs. Gerard as its adviser. Its programs are always interesting. Lantern slides of Roman ruins have been shown, and plays spoken in Spanish have been presented. Extra activities have been a Christmas party and an Ides of March party given on March 15.

The club has no emblem or pin; however, it does have a trophy just received this spring. The first person to have his name engraved on the trophy was Larry Lueck. He received this honor because he had shown unusual ability and interest in the study of Latin and was the club's first president. In addition to Latin, Larry has studied Chinese, French, German, and Greek.

# Swedish Club

When all the officers of a club have the same last name, it is, indeed, a coincidence. This year the officers of the Swedish club are all Andersons.

The Swedish club was organized in 1929 to interest students in Swedish culture. To be a member of the club one must be taking or have taken this language. The Swedish Club meets the first and third Thursday of each month during the school year.

One of the important social events of the year is the annual farewell banquet given for graduating members of the Swedish and the Norse Clubs by the other members of both clubs.

The Swedish Club and the Norse Club have long been rivals. Each year they play a basketball game. This year the game was won by the Swedish Club.

The Swedish Club also presented a trophy to the track team for winning the City Championship at the cross country meets. Individual members of the team received ribbons and medals. Al Anderson, president of the club, officiated at the ceremony following the race; the first five boys received medals, and the next ten were awarded ribbons.

## Spanish Club

With Spanish becoming more important every day because of relations with the Latin-American countries, the Spanish Club in Roosevelt High School takes on new importance. Ever since its beginning in the fall of 1941 this club, El Hispano-Americana, has had as its motto "Forward, Always Forward" (Adelante, Siempre Adelante).

To be a member of the Spanish Club one must receive in Spanish an average grade of "B" for the first term and "C" for every term after that.

Twice a year the club presents a medal of the American Association of Teachers of Spanish to the Student who has done the best work in Spanish for a period of two terms. Last fall Robert G. Olson received the award.

## Norse Club

An outstanding event for the Norse Club is its annual basketball game with the Swedish Club. The two clubs also have a joint senior banquet.

Anyone who has taken Norse is eligible for membership in the club, which was organized in 1926. The club has as its emblem a reproduction of the Norwegian coat of arms that symbolizes strength and bravery. Every semester the Sons of Nor-

way awards a trophy to an outstanding student of Norse. Last semester Evelyn Wegge received the award.

Last semester the club had an initiation and a sleigh ride, and several meetings in the library were made interesting by speakers from the University of Minnesota. Numerous movies on Norway have been shown. The club has made donations to the Red Cross and to the Norwegian Relief and is sponsoring a Norwegian declamatory contest.

## German Club

The German Club is best known for the "Teddies" it sells during football season, and the pinetree pins that are the club's symbol.

The activities of the club this year included a senior banquet, an initiation, and sponsorship of two school dances. At one meeting a movie of the composer Strauss in German was shown.

To become a member of the German Club, one must have "B" or better in German and must be recommended and approved by the cabinet. Each semester the person who excels in scholarship, leadership, and service receives the German trophy. Jean Morrison received the trophy for the fall semester. The club, which was organized in 1925, has as its motto, "A Fresh Beginning Is Half the Winning." The club has one meeting a month.

## Commercial Club

The highlights of the Commercial Club activities are the Senior Farewell Party and the Christmas Party. The Senior Farewell Party is held in honor of the graduating members of the club.

The meetings of the club are held on the second and fourth Wednesdays of each month. Sometimes the meetings are devoted to Red Cross activities and occasionally a demonstration of office machinery is given by a representative from a local business concern.

To qualify for membership a student must have taken commercial subjects. Mrs. Rice and Mr. Greenwood are the club's advisers.

The commercial department gives three awards each semester. The typing and the shorthand awards are given on the basis of speed and accuracy. The Commercial Trophy is awarded on the basis of scholarship, character, and service as determined by a vote of the 12A commercial students. Elaine Dahlman won both the typing and the commercial awards, and Marion Johnson won the shorthand award.

## HI-Y

In addition to sending the Y-er and the Standard to former Roosevelt Students that are in the service of our country, the Hi-Y sponsored a memorial issue of the Standard. This issue was dedicated to the Roosevelt boys who have been killed in the service of their country. The Hi-Y compiled all the necessary information. The maintenance of the used bookroom is a traditional Hi-Y project.

The Hi-Y in coordination with the Blue Tri sponsors an annual pre-Easter service at Our Redeemer Lutheran Church. The Hi-Y clubs from all the Minneapolis high schools gather annually at the Y.M.C.A. for the Palm Sunday breakfast. In addition to these activities, the individual chapters occasionally sponsor parties for their group.

The faculty adviser is Mr. Weum; and the Y.M.C.A. adviser is Lyndon Cedarblade.

## Blue Triangle

Blue Triangle is mainly a service club. The girls have one meeting a month. The club, whose motto is "To Face Life Squarely", is open to all 11A, 12B, and 12A girls. Blue Triangle is the senior group of the Girl Reserves which, in turn, is a part of the Young Women's Christian Association. Each club in the city is represented in the Inter-Club council which transacts the business of the Girl Reserves.

The girls have social meetings, too. Every semester the club holds a senior farewell banquet, a mixer with the Hi-Y, and a recognition service. The club sponsored an all school starlight dance in honor of George Washington, and also had a Christmas tea for members' mothers.

Cabinet meetings are held on Tuesdays and alternate with the business meetings. Plans for this spring include a style show, a formal dance, and a week-end at Lyman Lodge.

## Silver Triangle

The Silver Triangle is the YWCA's organization for the 10B, 10A, and 11B girls. The emblem of the Silver Tri is a triangle inscribed in a circle. The three vertices of the triangle symbolize the body, the mind, and the spirit; the circle symbolizes the widening world. "To face life squarely: to find and give the best" is the motto of the organization.

The Silver Tri meets the first and third

Wednesday of each month. Each semester there are one or two service meetings. This year nut cups and scrapbooks were made for the Red Cross. The club has also had several speakers at meetings throughout the year.

In the fall semester several members of the cabinet had the opportunity to attend a Girl Reserve conference at Lyman Lodge. Some of the social activities have been a Christmas party, a bowling party, and a wiener roast with the Blue Triangle.

## Seton Hy

All girls are eligible for membership in Seton Hy which is sponsored by the Seton Guild. The club aims at character development by giving the girls a chance to show their talents and use their leadership qualities. The club's motto "Service for All", is an appropriate one. The members participate in all school activities in which the clubs can be of service. A few Red Cross meetings are held every semester. Last semester members made stuffed animals.

Meetings are held on the second and fourth Wednesdays of every month.

Last fall a wiener roast and a horseback riding party were the chief attractions. This spring the club schedule includes sponsorship of a school dance, a speaker on art from the University, a speaker from the Veterans' Referral Bureau, and a film and talk given by the head nurse at Glen Lake. Other activities will be a picnic, a mothers' and daughters' tea, and a truth or consequences program put on by the girls.

## Christian Fellowship

The purpose of the Christian Fellowship League is to help pupils make their Christianity living and practical. It encourages the members to show honesty, dependability, cheerfulness, and other traits of a Christ-centered personality. In other words it challenges the individual to follow the club's motto of "Living for Jesus".

At the Tuesday meetings in Room 313A, guest speakers such as pastors, par-

ish workers, and youth leaders present inspirational and challenging messages. Several musical programs have been presented. A male quartet and a mixed quartet have also been organized from the Club's own membership.

Special emphasis has been placed on various forms of service to the Red Cross. A committee consisting of Carole Kjaglin, Dagney Quanbeck, Carol Schuanenberg, and Phyllis Ostlund had charge of this activity.

## Camera Club

This club, first organized in 1930, met during each school year until 1935 when it was disbanded. Then in 1941 it was reorganized by Mr. Samuelson who was later replaced by Mr. Wagner.

Anyone interested in taking and developing pictures or in learning about photography may become a member of the Camera Club. Besides their meetings the members often take field trips. A camera contest was held in May.

## Honor Roll

The Honor Roll group is composed of those students who consistently have a 2.3 average. In order to have a 2.3 average, one must have at least two A's and two B's, or three A's and one C. The honor roll does not exist as a club; hence it has no officers. The honor roll is made up after each six weeks' marking period. Students whose names appear on the honor roll regularly are eligible for membership in the Senior Honor Society when they are seniors. However, membership qualifications

for the Honor Society are based not only upon scholarship, but also upon character, service, and leadership.

Each semester the honor students are given a trip to witness some educational event. This year they attended the Thursday morning convocation exercises at the University. They also attended Cap and Gown day at the University in May. Cap and Gown day is the day on which the graduating seniors receive their honor awards. It corresponds to Award day here at Roosevelt when trophies and honors are presented to students.

## Senior Honor Society

The Senior Honor Society is made up of the 12B and 12A students who qualify in four respects: scholarship, good character, leadership, and service. The emblem is the blazing torch which symbolizes the light of knowledge. "Quest of the Best" is the motto. The Honor Society holds its

meeting on the second and fourth Thursdays of each month. This club was organized at Roosevelt in 1925.

Students who are consistently on the honor roll throughout the three years are eligible for membership in this organization. Each student being considered is discussed by and voted upon by a group of teachers and students. The purpose of the organization is to recognize and to encourage good scholarship.

Two of the society's activities are reading for the students in the sight-saving department and acting as big brothers and big sisters to the incoming IOB honor students. Each of the big brothers and sisters adopts one of the IOB's, becomes acquainted with him, and encourages him to maintain his good scholarship.

Each semester the Honor Society gives a tea for the new honor students. Two other social events are the semi-annual initiation and the Honor Society banquet. The initiation consists of a tea at which the initiates are sworn into the National Senior Honor Society. This year the banquet was held in May at the Curtis Hotel.

at all school functions, such as the class play and school dances.

About one business meeting a month is held during which the members try to observe parliamentary law. Sometimes special meetings are held before school. Like all school clubs, Pilots has a constitution which has provisions for amendments that the members think are necessary.

A student cannot become a member of Pilots unless he has at least a "C" average in his studies and is voted in by the members. The membership is limited to sixteen boys and sixteen girls from the whole school; thus the club has for its members some of the finest young people in school.

Every semester the club has an initiation for as many new members as there are vacancies in the club. Because it is one of the few social meetings of the year, the members look forward to this event and try to pack as much fun as they can into one evening. The initiates are made to eat all manner of peculiar foods and to perform any number of antics. Those hours of torture usually take place at the Log Cabin and are followed by refreshments for all. A party with the Qui Vive is another outstanding social event for the members, but this year it had to be omitted because of lack of time.

## Qui Vive

The Qui Vive is a service organization. The purpose of the club is the advertisement of school functions and the development of friendships among club members. The club members advertise dances, class plays, parties, and concerts.

The meetings are held every Wednesday morning at 7:45 A.M. The advisers are Miss Mercedes Nelson and Mr. Bertelsen. To qualify for membership, a student should have qualities of leadership, a high scholastic average, and a good character. The membership of the club is limited to thirty-two seniors. Of these, sixteen are A seniors and sixteen are B seniors.

The Qui Vive enjoyed a number of social activities during the school year. The most important of these was the formal Christmas party which was held at the Nicollet Hotel. The club had two initiations; one at the home of Mary Lou Johnson and the other at the home of Dick Bringgold.

The main job of the club is to make the large sign which advertises the class play. This sign

is always placed above the main door of the school where all passers-by may see it. The picture below shows some of the students working on this project.

## Science Club

The Science Club of Roosevelt High School and the science classes are helping young future scientists to realize their aims.

This club, meeting every second and fourth Wednesday with Mr. Strandjord in Room 223, has the purpose of arousing and maintaining interest in science. The club accomplishes its purpose through experiments, scientific movies, and short talks on scientific subjects by fellow members.

This, however, does not mean that the meetings are dull and dry; on the contrary, they are very interesting and are often very amusing. For instance, at one meeting a smelling contest was held. This test involved blindfolding somebody and having him guess certain substances passed under his nose.

One of the best features of this club is that practically anyone may join it, as its only qualifications are that the applicant be a student of Roosevelt High School and that he or she be interested in science.

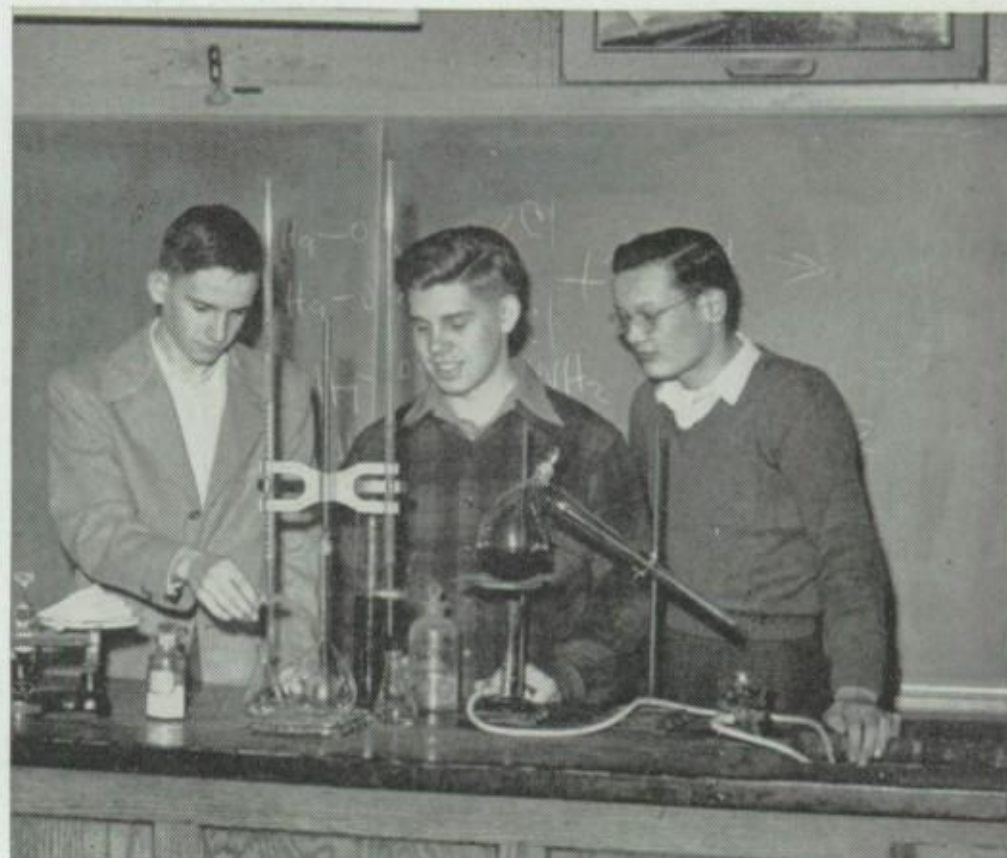

Knowing that most students have hobbies of

one kind or another, the club encourages its members to bring and explain their hobbies before the club even if these hobbies are only slightly connected with science.

As a reward, or rather as a stimulant toward achieving greater goals, a science trophy is awarded to the most promising future scientist.

## Glee Club

The Glee Club meets the first period every day in Room 313A under the direction of Mr. C. W. Andersen. This organization grew out of the old second choir. Since its main function is

### What's the Joke?

Mr. C. W. Andersen, Holmstrom, Bengtson, Olsen, Martin, Grenier.

to act as a preparatory class for the A Cappella Choir, the Glee Club sings, primarily, choir music. In order to be eligible, one must be able to sing and to read notes well.

The Glee Club sings sacred as well as secular music. It presents no concerts, nor does it have any social activities. Its sole purpose is to prepare students for the choir.

Last fall the members of the Glee Club and the A Cappella Choir had the opportunity to sing under the direction of Bob Shaw at the MEA convention in St. Paul. Mr. Shaw is the director of Fred Waring's famous Pennsylvanians. The experience of singing under him was exciting to all who attended. He uses a different method of teaching, and interprets music in a very unique manner.

Each organization in the vocal music department has a student director or teacher. The student director is elected by the class. It is his duty to preside over and to teach the class in the absence of the regular teacher. Each class also has a host and hostess who receive all guests.

## A Cappella Choir

The A Cappella Choir which grew out of the first choir in 1943 is directed by Mr. C. W. Andersen. It is composed of approximately seventy-five members, and it meets daily in Room 313A. One must have the following qualifications for membership; a good singing voice, the ability to read notes, and an average of "C" or better.

The A Cappella Choir of Roosevelt has

become well known all over the Twin Cities and the surrounding area. The choir has given many concerts at churches and various places about the city. This winter the Roosevelt choir was combined with the choirs of West and Patrick Henry High Schools to sing in their annual concert at St. Mark's Cathedral. Last fall the choir received the honor of being invited to Northfield by the St. Olaf Choir. They sang at the college for the chapel services which were broadcast over station WCAL.

## Girls' Choir

Organized in January, 1944, the Girls' Choir is the newest musical organization at Roosevelt. The members of the choir are chosen from the chorus classes. Most of the members are in IIB and IIA. They sing the semi-classical type of music which is different from the sacred music of the

A Cappella Choir. Every fifth period they meet under the able direction of Mr. Andersen. The group has enlarged from thirty-two members to sixty-eight members.

Singing for two auditorium programs has been the highlight of the year for the girls. They gave a concert at Miller Vocational High School and sang for the 1944 class play.

## Band

One of the school's finest musical organizations is the Concert Band. This is true not only because of the enthusiasm of its members but also because of the able direction of Mr. Swanson, its conductor.

To be a member of the band the musician

must have good character, be reliable, and be able to read music at sight.

This year the band was composed of many new and inexperienced players; nevertheless, they grasped each new technique with ease and maintained the band's high quality.

In the past the Concert Band has won many awards. It won first rating at the state contest in 1942 and then proceeded to the national contest where it won first rating. No contests have been held since 1942, but when they are resumed after the war, the Roosevelt band will again compete.

Living up to its motto of "Learning while Serving", the band has participated in the last three aquatennials. It also plays for football and basketball games and is called upon to take part in bond drives, P.T.S.A. concerts, and other school activities.

Twice a year the most outstanding musicians receive awards for their progress and musical ability. Last fall John Lundin and Bob Griffis received these awards.

This year for the first time, the band has been organized under student government. It also has an ethics committee which takes care of all disciplinary matters within the band. It is composed of four members.

## Concert Orchestra

The First Orchestra is very fortunate to have Richard Adams as first violinist. Richard is a very gifted player. He has played at many important affairs. The highlight of these was his recent appearance as guest artist with the Minneapolis Symphony Orchestra. Richard has a pleasant personality and is athletic minded.

The orchestra provides the music for the class plays and for some of the P.T.S.A. programs. The organization also entertains the students at some of the auditorium programs. The highlight of the orchestra's appearances was the spring concert of the Orchestra, Concert Band and A Cappella Choir. This concert was held on Friday, May 4.

The orchestra is under the direction of Mr. Swanson. He has played with some of the best musical groups in the area. Mr. Swanson has been assisted by Mr. Wakefield; however, Mr. Wakefield is now devoting all his time to his professional work and has been replaced by Mr. Peterson.

The band and orchestra have been very

fortunate to have had sectional instruction by some of the symphony men.

In the fall awards for the Most Outstanding Musicians were presented to John Miller and John Lundin.

## Red Cross Committee

The Red Cross Committee, which is under the leadership of Miss Farseth, has done outstanding work this year. Since its organization in the fall of 1941, it has become one of the most active service groups in the school. It has been working to its full capacity for the war effort.

The Red Cross Committee is composed of one or two students from each half grade. Qualifications for membership include willingness to serve, leadership, and good scholarship.

The largest project which the Roosevelt

chapter took over this year was an Overseas Christmas Unit. This unit included everything for a servicemen's Christmas party: table decorations, place-cards, Christmas cards, and menu covers. This spring the students filled 150 gift boxes for the children in war-torn countries. These boxes contained soap, tooth brushes, tooth paste, and small toys. Fifteen nurses' kits were also made and filled. This year Roosevelt turned over to the Hennepin County Chapter 400 nut cups, 500 menu covers, 25 scrapbooks, and 75 gifts for children and servicemen. The industrial department made 50 folding chairs, and the sewing department also made some articles.

Each project has been taken over by one of the school clubs. Each club usually completes two Red Cross projects in one year.

The Red Cross has as its motto "We Serve". The emblem, which is the red cross on a white field, was taken from the flag of Switzerland on which the colors are reversed. The Red Cross was founded in Switzerland by Henri Dunant in 1863.

The officers for the fall term were Loretta Hoff, president; Nels Henjum, vice-president; Nancy Allison, secretary; and Richard Hain, treasurer. The spring term officers are Margaret Olson, president; Arlene Hoff, vice-president; and Beverly Balcom, secretary-treasurer.

## Noon Activities

The noon activities staff competently supervises the lunchroom, the noon movie, and the halls during the three lunch periods. To work on the staff a student must maintain a "C" average. Students receive service points for their unselfish work. Mr. Bertelsen relieved Mr. Palmquist as one of the advisers for noon activities, and Mr. Yngve remained as the other adviser.

The highlight of the staff's activities was the spring picnic.

## Stage Crew

The work of the stage crew covers a wide field. The crew operates projection equipment for the noon movie and occasionally for classroom movies. They operate all the auditorium and the stage lighting. The public address system is also operated and maintained by the crew.

They must keep all equipment in operating condition. They receive service points as a small compensation for their efforts. The faculty adviser is Mr. Brick. The manager is John Lanns, and the assistant manager is Doug McKilligan.

## Inexperience Weakens Teds

Because of the loss of several of last year's outstanding stars through graduation, the Roosevelt gridiron squad took a definite turn for the worse this year. The inexperienced Teds were besieged by injuries and hard luck all season long, and their hard-fighting opponents limited them to one victory and one tie as against five defeats.

In the opener, Roosevelt's running and passing attack was stopped cold by a strong Central line and by a brilliant punter, Bowman. The only score of the afternoon, a safety, occurred when Central's Pioneers blocked Russ Adamson's punt in the fourth period. Probably the most thrill packed game of the season was the 7-7 tie with North. Twice in the fourth period the fans were brought to their feet by the Teds spectacular drives deep into Polar territory; but Stagnes, Fait, Adamson, and Norman could not crack the heavy North line for a winning touchdown. In many other games Roosevelt became a threat but they never quite came through.

"Hard to Stop."

Stagnes

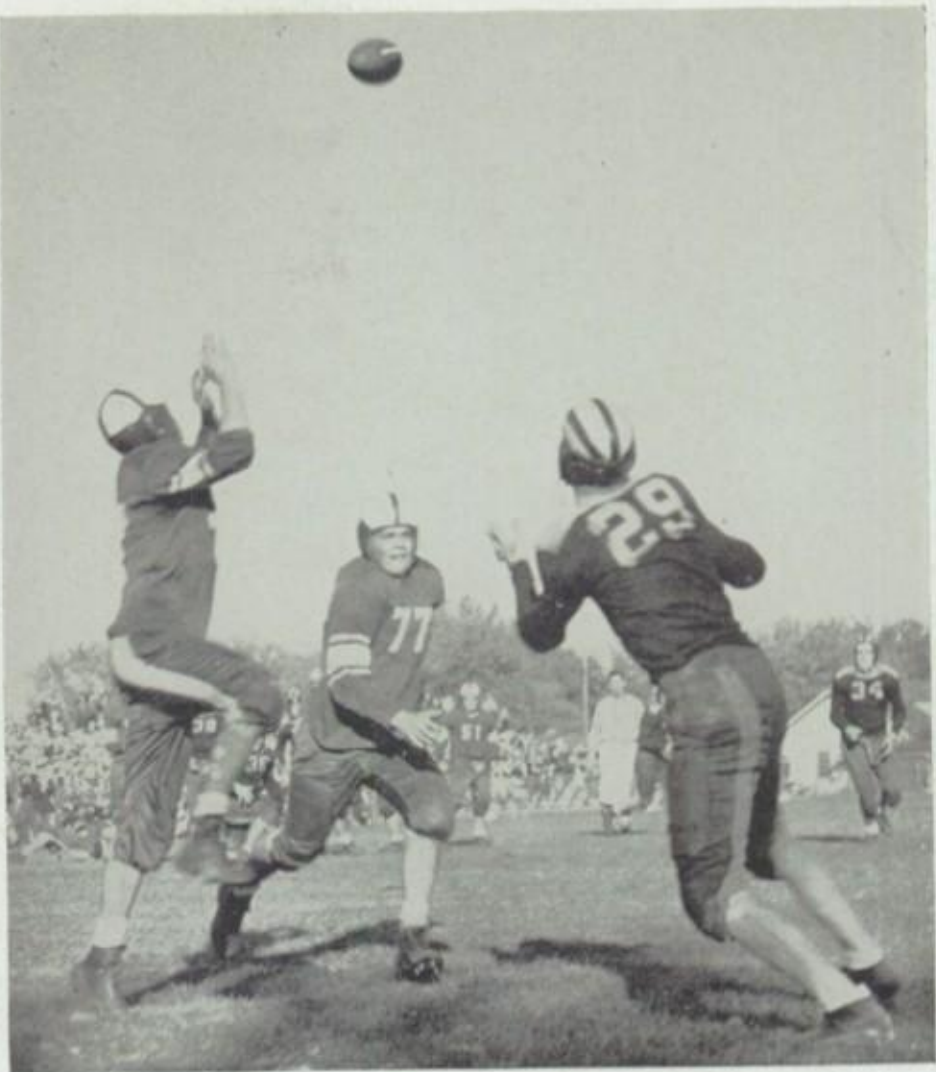

# Gridders Build for Next Year

The Teds' only victory of the year was a decisive 19-0 win over inexperienced Vocational. Fait, Adamson, and Bjerken scored touchdowns; and Adamson converted one of three kicks. In the next game a traditional foe, South, romped over the Colonels, 33-6. Pullens, Vaughn, and Forslin ripped through the Teds' line for long gains, and Forslin's passes found their intended receivers all too often. Dean Stagnes, Roosevelt's fast right half, suffered a back injury which took him out of football for the remainder of the season. The weakened Teds fought hard the rest of the way but suffered defeats at the hands of West, Edison, and Henry's Patriots. Disappointed Teddy fans are looking forward to a better season next fall, with Grygelko, Adamson, Bjerken, and other stars returning.

Roosevelt's "B" squad, winning two and losing two, produced some fine material for next fall's "A" squad; among them: fullback Bob Howard, who scored all three of the Sophs' touchdowns last fall. Although the Teds gave a poor showing in football, the Roosevelt fans will continue to back them up as they have done in the past.

"It's a Pass."

Norman

Roosevelt's gym team, under the direction of Coach Ken Peterson, topped off a successful season by taking second place in the state meet. They also placed second in the city meet. There was no Northwest meet this year.

Roosevelt then entered the city meet and placed second. They took top honors in B class and placed second in both C and D class. In B class Doug Hemming took the individual honors; Dick Hildon took third; Carroll Hemming took fourth; and Jack Waataja took fifth. Connie Sweeney was fifth in C class; Norman Pellerino was sixth; and Ray Ballanger was seventh. In D class Dave Carlson took first place, but no other Roosevelt boys placed high enough to take first place for the Teds.

As Roosevelt placed second in the state meet, the B class boys took first place. Doug Hemming again placed the Teds in B class by being second in the state. Carroll Hemming finished fourth, and Les Rions finished sixth. As C class took second place, Connie Sweeney won fourth place. Dave Carlson placed first again in D class. Jim Bergum finished sixth, and Bob Sidlo finished eighth.

The gym team also put on an exhibition at the state high school basketball tournament, and gave an auditorium program. During this auditorium, the gym team displayed some of the exercises they are required to go through in the various divisions.

# Wrestling

Roosevelt captured its third straight city wrestling championship, and the team was also undefeated in dual meets. They were led by the five city champions: Mike Hevenor, Bill Snyder, Gerry Gilmore, Lynn Grobel, and Carl Larson.

Only two of last years lettermen, Mike Hevenor and John Grygelko, returned; and Bill Snyder, a letterman of two years ago, returned to grappling. Grygelko, a heavy-weight, was injured at the outset of the season and was unable to compete. Ken Golby, star wrestler from last year, graduated in January and, therefore, did not compete.

Mike Hevenor, 103 pounds; Lynn Grobel, 145 pounds; and Carl Larson, 165 pounds, were undefeated in dual competition. Bill Snyder, 120 pounds; and Gerry Gilmore, 138 pounds, were defeated only once in dual meets but avenged themselves by winning their city titles.

Other wrestlers were George Nelson, 112 pounds; Jack Melchesidick, 127 pounds; Bill Hogan, 133 pounds; and "Swede" Haglund, 154 pounds. None of these boys will return to next year's wrestling team.

## Teddy Cagers Take Second Place

The 1944-45 basketball team took second place in the Minneapolis prep league. Competition in every game was exceedingly high, but the mighty Teds were able to come out the victors in eight out of their ten games.

Some of the season's most exciting moments came when a tied score was broken the last

minute of play by a sharp-shooting Teddy. Two boys who were outstanding in getting those important last minute points were Russ Adamson and Haldo Norman. Both of these players will be back next year.

Midyear graduation took Bob Sklenar, co-captain, who filled one of the guard positions.

# Basketball

Russ Adamson, co-captain with Bob Sklenar, won the honor of being placed on both the Daily Times and the Star Journal all-city teams. Russ' outstanding play helped the cagers to win second place.

The season started with Roosevelt's downing a scrappy Vocational team by a 29-22 score. Haldo Norman gave his best performance of the season in the North game with a total of 19 points collected in that game to his credit. Other outstanding performances were given by Doug Dow in the Marshall game and Russ Hansen's play was dependable throughout the whole season.

The Teds bowed to defeat only twice in the regular league play. The first time to the championship Henry team and the second time to an upsetting Marshall five.

Coming back next year will be Captain Russ Adamson, Haldo Norman, Dick Mykelbust, and Dale Holland.

## Swimming

Under the guidance of Coach Art Christenson, the Roosevelt swimming team was undefeated in their five dual meets, and they finished fourth in the city meet.

Ron Moloy and Dick Brown were co-captains until Moloy graduated in January. Moloy's loss handicapped the team as he was one of the best free stylers on the team. Brown was the ace of the team as he finished third in the city meet in the 100 yard back stroke and was first in nearly every dual meet.

The other members of the team who brought victory to Roosevelt were Wally Lucier, Ken Foster, Gordon Gartland, Lynn Olson, and Jim Headlund in the 40, 100, and 220 yard free style events. Don Ecoff was Brown's running mate in the back stroke and Paul Sifford and Paul Thompson were the breast stroke aces. Les Rions and Dick Flood did the diving. Brown, Sifford, and Moloy made up the medley relay team. After Moloy graduated, Foster took his place in this event. Their practice sessions are held at Bryant Junior High School pool while their meets were held either at the YMCA pool or at the University pool.

## Baseball

A large turnout of candidates this year, 67 in all, has assured the Roosevelt baseball squad an ample bevy of reserves. With competition so keen, the top individual performers will be forced to fight hard for a starting position. Six returning lettermen will set the pace in the competition for starting spots. They are Russ Adamson, Roger Hamre, Ollie Westrum, Leverne Borde, Jack Swisher, and Roger Brovold. Adamson, who was the mainstay of the pitching staff last year, will prove hard to beat, especially when backed by relief pitchers, Tony Johnson and Bob Hage. Roger Hamre and Dick Myklebust head the list of potential backstops. The infield will probably include Swisher, Westrum, Borde, and a new man, Tom Dahlberg. The main candidates for the outfield include Brovold, Jim Hamilton, and Marvin Sorem.

The Washburn Millers, who reap the benefit of players from the strong Richfield legion team, will probably win the title; but the Teddies have an excellent chance for the runner-up spot.

The team has been particularly handicapped this season by the unseasonably cold weather.

## Cross Country

"The 1944 Cross Country team was the best we've had since the 1925 championship team," says Coach Oscar Yngve. The team,

led by Captain Bill Schimmel, not only won all three of the dual meets they competed in, but they also took both the city and the state championships.

The first of the dual meets was with Johnson High School, the St. Paul cross country champions. The second meet was with Southwest, and the third one was with West. The Teddies completely dominated the meet with West by placing the first eight men.

Sanford, Roosevelt; Youngdahl, Roosevelt; Oas, Roosevelt; Lind, Southwest; Maher, Southwest; Line, Washburn; Byers, Southwest; Haglund, Southwest; Worachek, Roosevelt; Thommen, Southwest; Snead, Southwest; Schimmel, Roosevelt.

## Cross Country

The cross country squad of 1944 was made up of thirty fast and hardy runners. The veterans were Bill Schimmel, Al Worachek, Don Fox, and Bill Youngdahl. Newcomers including Jackson Sanford, Jerry Paulos, and Larry Oas, made the team the strongest it has been in many years.

With Bill Schimmel and Al Worachek setting the pace, the team took first place in the city meet. The Teddies placed six runners out of the first fifteen point winners.

The city's fastest distant runner is Captain Bill Schimmel, who won every race in which he competed except in the state meet. Rohweder of Worthington won the state meet with Bill Schimmel coming in for a close second place. The Teds, however, placed enough men out of the first fifteen point winners to win the state championship.

Although the squad will lose, through graduation, a number of experienced runners, Coach Oscar Yngve has high hopes that the 1945 team will retain its championship title.

A great deal is expected from Al Worachek and Jerry Paulos, co-captains elect for the 1945 squad, Larry Oas, and from a number of other members of the squad.

### TROPHY WINNERS

In looking into the future of these five trophy winners, we find Jerry Paulos as a singer with the Ice Follies. Al Worachek will likely be the outstanding runner on Mr. Yngve's 1945 Cross Country team. Bill Schimmel will no doubt be helped greatly by his three successful years as class president. Luther Youngdahl has already joined the Navy, and Jackson Sanford will be due for the Navy Air Corps soon.

## Teds Capture Metropolitan Crown

Led by co-captains Bill Schimmel and John Grygelko and coached by Mr. Yngve, the Roosevelt cindermen opened the outdoor track season by winning the Metropolitan meet at the University Field House on April 7.

### Up and Over Nielson

The Teddy thinclads took first place in five of the eleven events and broke one record. Schimmel cracked the mile record by half a second when he won the distance event in 4:47.6. Other winners for the Colonels were Jim Nielson in the 60-yard high hurdles; Jerry Paulos in the 440-yard dash; and Al Worachek in the half-mile. Nielson, Paulos, Larry Oas, and Ed Stevens combined to win the 880-yard relay in 1:37.2. Nielson, besides his high-hurdle and relay work, placed third in the low hurdles to become the Teds' best point-maker. Luther Youngdahl captured fourth place in the mile, and Harold Peterson placed fifth in the high hurdles to complete the Teds' scoring.

Beside those who placed in the Metropolitan meet, the Teddies boast many returning veterans and rising new stars. Co-captain Grygelko heads the list, followed by such stalwarts as Jackson Sanford, Ed Sebesta, Haldo Norman, and Bob Howard, who are among those returning to bolster the team's chances. Some of the newcomers are Vrudny, Purcell, Solle, Lehman, Bratt, Duncan and Hauge.

Mr. Eggan, Coach; Blanchard, Waataja, Moran, Sidlo, Lee, Meyer, Holland, Redpath.

## Skiing

Skiing was resumed this year in the Minneapolis schools after last year's lay-off because of lack of snow. Consequently, Mr. Eggan didn't know what kind of team he could organize. The team turned out strong in jumping and cross country, but it was weak in the slalom event.

In the city meet Roosevelt finished first in jumping and second in cross country, but it did not place in the slalom. Four of the first six places went to the Teds with Glen Blanchard taking top honors. He was followed by Tony Johnson in second place, Bob Sidlo in fourth, and Jerry Ireland in sixth. In cross country Jim Nielson was fourth, and Sidlo was sixth.

Minneapolis schools won the Twin City Meet when North, Minneapolis champions, beat Murray, St. Paul champions, and the Minneapolis All Stars took the All Stars from St. Paul. In this meet Johnson was first in jumping; Blanchard, second; and Ireland, fifth. Sidlo took second place honors in the cross country event.

Roosevelt, as a team, finished fourth in the state meet by taking sixth place in jumping and seventh in both cross country and slalom.

Tony Johnson finished sixth among the state jumpers, and Jack Waataja finished thirteenth.

This year's skiers to win letters were Tony Johnson, Bob Sidlo, Glen Blanchard, Jerry Ireland, Jack Waataja, Jim Nielson, and Jerry Lee.

## Golf

With only two lettermen back from last year's golf team, the prospects for the 1945 season are doubtful at this early stage. Much will depend on whether the newcomers to the squad will come through as hoped.

The two lettermen on whom the Teds are depending are Chuck Stenvig and Dick Newell. Stenvig, although he was only a sophomore, was outstanding on last year's squad, which took fifth place in the state meet. This spring he should prove to be one of the best prep golfers in the city, if not in the state. Besides Stenvig and Newell, there are about twenty boys signed up for golf. Some of the most promising are Kenny Brittain, Chuck Morell, and Ralph Anderson.

The schedule opens against Washburn on April 24. The linksters battle Central's pioneers on May 3 and meet Marshall twice, on May 8 and 15. The Teds also match strokes with Southwest on May 11 and with West on May 18. Other meets will probably be scheduled before the all-important city and state meets, when the Teds will attempt to break the long string of Edison victories. Although Edison no longer has Don Waryan, one of the best prep golfers in recent years, they still have a great star in Jimmy Johnston.

**Kneeling**—Kermit Johnson, John Nygard, Richard Bean. **Standing**—Mr. Daly, Dick Polsfuss, Claire Olson, Alfred Ostlund, Maurice Bjerken, Dwight Hall, Bill Youngdahl, Forrest Near, Roger Lundgren, Jim Armstrong.

# Tennis

With more than half of last year's state championship team returning, the Roosevelt tennis team has an excellent chance to repeat for high honors. Forrest Near, Dwight Hall, Kermit Johnson, and Luther Youngdahl, lettermen who helped the Teds' racquet team in the city and state tournaments last spring, are all back to form the nucleus of another great tennis team. Hall and Youngdahl have been elected co-captains to lead the twenty candidates who have signed up for the sport this spring. Two other players who will probably see action are Charles Peterson and Maurice Bjerken, not to mention promising sophomores who may blossom into leading stars as the season progresses.

The 1944 club, including Charles Hall, Leslie Dahl, and Warren Foss, who have graduated, took second place in the city tournament at the University. Washburn won the title. The Teds were more successful in the state tournament and walked away with the championship.

According to Mr. Daly, the faculty adviser, the prospects for this year are very bright, and the team has made an excellent showing in both dual and city meets, although playing against some very talented opposition.

## Volleyball

This year's co-recreational volleyball tournament was a great success. The participants were more enthusiastic than ever before, and a record number of home rooms participated.

Thirty-five teams entered the tournament, eleven more than last year. The teams consisted of six to ten players with no more than seventy per cent of the players being boys.

This year's tournament made still another record when Room 322 won the championship for the second consecutive year. The players on this record setting team were Betty Rehn, Marion Rudie, Margaret Olson, Colleen Peterson, Ollie Westrum, Lionel Snyder, Forrest Near, Eddie Stevens, and Bill Youngdahl.

In winning the championship Room 322 was undefeated. They won in the finals from Room 213 who entered the finals by winning from Room 321. Room 322 defeated Room 225 in the other semi-final's game.

Quite a few games were forfeited this year because many students were working to help relieve the man-power shortage; therefore, they could not participate. For this reason, also some home rooms were unable to have complete teams and doubled with other rooms to form teams.

The service points per game were given to the students with a maximum of fifty points being given out. Five points were subtracted for each game forfeited.

Near, Stevens, Rehn, Wilhelm, C. Peterson, L. Youngdahl, Westrum, Snyder.

### Twelfth Grade

Duff, Brittain, Dahlberg, Cummings, Polsfuss, Bartley, Waters.

## Intramural Basketball

This year, as in preceding years, the intramural basketball tournament was a success. Mr. Benson took charge, succeeding Mr. Christenson and Mr. Strandjord.

Because of the large number of entries, there was no play-off between the grade champions who were Room 112, twelfth grade; Room 331, eleventh grade; and Room 317, tenth grade.

The twelfth grade championship was won by

Room 112, captained by Tom Dahlberg, even though they lost one game. They lost in the third round, but came back strong to advance to the finals in which they defeated Room 322, 27 to 10.

Room 331, eleventh grade champions, did not lose a game. Ralph Anderson captained Room 331 through the schedule and defeated Room 307 by two points for their championship.

Room 317, was captained by Maurice Bjerken.

### Badminton Champions

## Girls' Sports

In basketball, all grades were well represented, but there were not enough girls from each room to form home room teams. The girls, however, formed their own teams and enthusiasm ran exceedingly high. The championship basketball team was captained by Gerry Scott.

A girls' Sports Club was started last fall by Miss Carey, but the club was discontinued when Miss Carey left Roosevelt in January. There is hope that the teacher who will replace her will continue this club beginning with school next September.

### Glamour in Field Hockey.

Kneeling—Eaton, Scott, Carlbon, S. Smith, Miss Carey, Running, Jurdy, Sobde, Price. Standing—Krumholtz, Howson, Simonson, F. Carlson, Wytttenbach, Hoover, Englebrecht, M. Johnson, Yandon, C. Peterson, Kelly.

## Girls' Sports

War-time jobs have prevented many girls from participating in sports after school; however, tournaments were held in field hockey and in basketball with interest and spirit running high. Players in field hockey came largely from the upper classmen as the sport is comparatively unknown to the sophomores.

The girls formed two teams that competed with each other in every sport that they participated in, under the supervision of the capable Miss Carey. The girls all agree that this sport is one of the best, and they all hope that more girls will join the club. In addition to club activities, the girls have group exercises.

## Homecoming

Homecoming was a big event for both the alumni and the students of Roosevelt.

The celebration started early in the day with the crowning of Howard Polsfuss as king and Betty Fahlin as queen by Principal Mr. von Levern. LeRoy Johnson, Dick Dunn, Forrest Near, and Dick Sandahl were the king's guards; and

Marilyn Evans, Pat Callaway, Ardis Bogan, and Margie Taft were the queen's attendants. The royal couple were to rule, with their attendants, over the celebrations of the day.

Spirits were kept high by a riotous football game with West High School in the afternoon. "May West be Ours" was the challenge sent out to the Cowboys. They accepted our challenge and beat us by a score of 15 to 0. Nevertheless, the excitement of the day continued to prevail and in the evening, the students and alumni enjoyed the program and dancing.

## Senior Banquet

One of the highlights of the closing year for the seniors is their banquet.

The banquet was held this year in the lunchroom which was hardly recognizable for totem poles, pine trees, snowmen, and other decorations placed everywhere to fit in with the class theme, An Alaskan Jaunt.

Food, and lots of it, was served to the seniors by the 12B girls.

Towards the end of the meal Earl Estenson acted as master of ceremonies. He introduced

the 12A advisers who spoke briefly to the group.

Jerry Ireland then presented to Bill Schimmel the teddy bear, which is traditionally passed from one 12A president to the forthcoming president.

Having eaten to their capacity, the students went to the auditorium for the reading of their last will and testament.

When they had taken care of the present, the students looked into the future and saw their friends as doctors, stenographers, teachers, dentists, riveters, and street sweepers.

## January Class Play

Hortonville is one of the small towns all over the United States that found its peace and quiet was going to be invaded by an army camp.

The older people of Hortonville viewed the situation with alarm. Mr. Colburn, the editor of the Hortonville Times, wrote some very good editorials on the subject, but the army moved in nevertheless.

Along with the army came Mrs. Lawrence, a very attractive widow, who because she thought her son, Private 1st Class Dick Lawrence, still too young to get along without his mother, followed him from camp to camp.

This pleased the handsome Mr. Van Brunt, for anything as glamorous as Mrs. Lawrence had not been seen in Hortonville and certainly not in Mr. Colburn's home, where he stayed, for a long time.

It seems that Scooper Noland, who has suddenly become Janie's former steady, is the only one not happy about the recent arrivals. He is not so easily pushed aside though and invites most of the army camp to Janie's home for a party. The party turns out to be the closest thing to a riot ever witnessed by Hortonville.

## June Class Play

The presentation of a play by each graduating class has become a tradition here at Roosevelt High School. Upholding the tradition, the June Class presented the romantic play, "Jane Eyre." This drama, based on the immortal novel by Charlotte Bronte, was written by Wall Spence.

The audience first meets our beloved Jane when she arrives at Thornfield Hall where she has secured a position as governess. Little does Jane realize that she will fall in love with Mr. Rochester. During her stay at Thornfield, Jane becomes aware of many

unexplained incidents. All these strange occurrences, such as blood-curdling laughter and murderous screams, are explained one evening when Mr. Rochester proposed to Jane and they are interrupted by Bertha, Mr. Rochester's lunatic wife. Jane, broken-hearted leaves Thornfield Hall and lets no one know of her whereabouts.

During her absence, Thornfield Hall is set afire by Bertha. Edward Rochester, in a futile attempt to save his wife, is blinded by the flames. Jane's intuition warns her to revisit Thornfield. All ends well, for Jane and Rochester are together at last.

# Ice Skating

As in the past, Roosevelt can again be proud of having top ice skaters. We have not only speed demons but also figure skaters.

Honors were won this season by our skaters in eight races out of nine. Betty Fahlin took first place in the John S. Johnson meet, the first race of the season. At the Mark Hamilton meet, three students from this school took top ratings. Jerry Paulos and Gerry Scott snatched first places; Betty Fahlin came in second. Some of the more important races of the season, perhaps are the 10,000 Lakes, the Silver Skates, the Manitoba Outdoor, and the Northwest Indoor. All of these had Roosevelt skaters racing away with honors. Some of our champion skaters at the latter meets were Gerry Scott; Betty Fahlin, Roger Brovold, and Paul Vrudny.

Jerry Paulos took interest not only in speed skating but also in figure skating. Although he has not been figure skating long, he has already achieved enough skill to enable him to perform with the Ice Follies. Marion Rudie, also, has attained her dream of joining the Ice Follies. Both will leave for training with the show, following graduation.

Indeed, we here at Roosevelt deem it an honor to have these skaters as members of our student body.

About once a week the students of Roosevelt enjoy an auditorium program. Everyone looks forward to these programs because the periods are shortened, there is an extra home room period, and there is the program itself. Mr. Osterhus is the general chairman, but anyone can plan and sponsor one of the programs. There has been a variety of programs during the past year, but the students enjoyed the student talent program the most.

Some of the dances were the Paul Bunyan Drag, the Batty Hat Hop, George's Jump, the Wearin' o' the Green, and the Squirrel Twirl. These were sponsored by the Sports club, the Debate Club, the Blue Triangle, the Student Council, and the German Club respectively. During intermission, entertainment was provided.

# SCHOOL

## Here We Go

Each morning most students are aroused by the ringing of an alarm clock or by the cheerful voice of some member of the family telling them to get up. In the case of the alarm clock you just push a button, whereas the words, "I'm up," usually quiet the family. After this, you turn over slowly and go back to sleep.

Consciousness comes slowly and then with a start. You're going to be late!

Records are made every day in athletics, but today you break all speed records. You throw on your clothes, gulp breakfast, grab books (if any), and dash to school.

You're at school with three minutes to go. You have time to visit with your friends and cinch that date for eight o'clock.

After ten minutes of a hectic home room period, you're actually relieved to get into a nice quiet classroom. Jeepers! Notes again, and you had dreams of another hour's sleep!

### Why Students Buy Their Lunch!

# "DAZE"

## Still Going

Second and third periods are both the same, boring. But then comes lunch. Ah, reverie! Of course, there isn't much left after those trips to your locker between periods, but even a crumb would satisfy that hungry feeling. With this bit of nourishment, you are able to carry on through the rest of the day.

By three o'clock, you're dead tired, but you do manage to hang around with the gang until dinner time.

After dinner, you grab your books, the newspaper and something to eat; and you go to your room for an hour of study.

Time goes fast, and you'll have to hurry to be ready on time. You finish the funnies and start the usual search for stockings without runs, or socks without holes; nevertheless, you are ready and looking pretty good, if you do say so yourself.

The rest is routine; you know all about that.

## PRESIDENT ROOSEVELT DIES OF HEMORRHAGE IN SLEEP

FRANKLIN DELANO ROOSEVELT

### Germany Will Collapse Any Moment, Army Says

WASHINGTON—(AP)—High army officials told senators Thursday the end of organized fighting in Germany probably will come within a few days.

Describing the pell-mell dash of American armies across Germany, general staff officers expressed the opinion in members of the senate military committee that a collapse of Nazi arms is imminent.

Those who attended the conference said the army chiefs said:

Only pockets of resistance will remain to be cleaned up after this collapse.

They feel in case of results that military have been down drastically in reducing the elements of resistance to the elements of the army.

A German broadcast heard in London had Paul Joseph Goebbels, Nazi propaganda minister, saying:

They hope Hitler and his Nazi

"the war cannot last much longer in my opinion."

STEEL IS LOW

In a review of problems developing with the imminent shift of major war activity to the fight against Japan, the senators also were told by Gen. Stephen B. Spence, chief of the army's service of supplies, and other military leaders that the nation again is straining the bottom of the barrel.

This new crisis in steel production has developed, it was disclosed.

### U. S. Tanks Await Orders on Open Road to Berlin

PARIS—(AP)—Tanks of the U. S. Ninth army swept across the Elbe river on a six-mile front, 57 miles from Berlin Thursday and awaited only orders from Lt. Gen. William H. Simpson to begin a dash on a wide open road that might put them by Friday into that capital of death and devastation.

A report attributed to French sources said Allied parachute troops had been dropped at Brandenburg, barely more than 20 miles from greater Berlin, but this was wholly without official confirmation.

Germany appeared in her last hours of organized resistance in the west as all Allied armies rolled toward Berlin. Gen. Sir John S. Dill, commander of the British Second army, declared gloomily in his weekly newspaper that the war "cannot last much longer in my opinion."

Three tank columns of the U. S. Third army, moving toward the heart of Germany to break up to two armies last were reported

about 22 miles from Leipzig and a First army field dispatch said the tanks might be in the city by Friday.

So near did the two American armies appear to a junction with the Russians that liberated Soviet slave laborers turned eastward in their wake, believing they could get some quarters that way.

The U. S. Seventh army, moving in the drive to cut Germany in half, smashed eastward in within 35 miles of the Munich-Berlin air-perilous, most important north-

WASHINGTON—(AP)—Harry S. Truman of Missouri was sworn in as thirty-second President of the United States Thursday night at 7:09 p.m. (EWT).

By D. HAROLD OLIVER

WARM SPRINGS, GA.—AP—President Franklin D. Roosevelt died unexpectedly Thursday of a cerebral hemorrhage, at 3:35 P.M. (Central time) at his summer cottage here.

Mr. Roosevelt had been at Warm Springs for more than a week.

Stephen Early, presidential secretary informed reporters:

"Mrs. Roosevelt, Adm. Ross McIntire, (the Roosevelt physician) and I will leave Washington by air Thursday afternoon for Warm Springs."

Vice President Truman was at work in his office when the news came. He received a call about 5:25 p.m., a few minutes later secret servicemen came and whisked him away to the White House in an automobile.

Matt Connelly, Truman's executive assistant, said he assumed that the new President would take oath at once but that he did not know any details.

Truman's vice presidential staff stood around his offices in the senate office building, their faces pale as though they had been stunned by the unexpected news which lifted the former Missouri farm boy into the highest office in this nation's giving.

The death of the President was announced a few short minutes after it was revealed that high army officials had told senators the war soon would be over in Germany.

Cabinet members began assembling at 6 p.m. EWT, for an emergency session.

First to arrive were Secretary of Labor Perkins and Secretary of the Interior Ickes, veterans of every month Mr. Roosevelt served in the White House.

The shocking news of the fourth term President's death was announced to the press by Secretary William D. Hassett shortly before 5 p.m. CWT.

"It is my sad duty," he told reporters, "to announce the President died at 3:35 p.m., of a cerebral hemorrhage."

Hassett urged reporters to rush to telephones immediately as a simultaneous announcement was being made at the White House in Washington.

In quivering voice, in the presence of other members of the White House staff who came here with Mr. Roosevelt March 30, for what was to be a three weeks rest, Hassett said further details as to the cause of death would be given out later by Commander Howard Bensen, naval doctor who was taking care of the nation's 31st President, in the absence of Vice Adm. Ross T. McIntire, navy surgeon general.

There was no information immediately available here as to when Vice-President Harry S. Truman would be sworn in as Mr. Roosevelt's successor.

(In Washington, at the moment this was dictated, Truman and the cabinet were in an emergency meeting at the White House.)

So insistent was Secretary Hassett that the news be made public immediately that details were left for future announcement.

The President, the nation's first chief executive to break the two-term tradition, had planned to stay here another week, then he was to return to Washington and spend one day before taking a train to San Francisco to open the April 25 United Nations conference in which he had given so much attention in recent months.

Mr. Roosevelt died in the bedroom in his little white bungalow atop Pine mountain, where he had been coming for 20 years to take after-treatments for infantile paralysis with which he was stricken in 1921.

Long before his presidency, Mr. Roosevelt helped found the Warm Springs foundation for polio victims. In recent months he had taken a deep interest in expanding it for servicemen afflicted with the disease.

Only two persons were believed to be in the cottage at the time of his death. They were Miss Laura Delano and Miss Margaret Suckley. They frequently had kept house for him on many of his recent visits, including his 19-day stay here last November and December.

HARRY S. TRUMAN

### BULLETINS

WASHINGTON—(AP)—Mrs. Eleanor Roosevelt said, when informed of the death of the President:

"I am more sorry for the people of the country and the world than I am for us."

WASHINGTON—(AP)—Vice President Harry S. Truman, before taking the oath of office as 32nd president of the United States announced Thursday that he had asked the late Franklin D. Roosevelt's cabinet to remain in office.

WASHINGTON—(AP)—Chairman Connally (D., Texas) of the senate foreign relations committee said Thursday night the United Nations conference in San Francisco may have to be postponed because of President Roosevelt's death.

Telephone calls poured into the Minneapolis Star-Journal and Tribune office at the rate of one every two seconds when news of President Roosevelt's death was received in Minneapolis. Three operators were kept so busy they could say no more than, "Yes, it's true."

### It Was Tragic, Yet Heroic When F.R. Voted Last Fall

By WILLIAM H. NYLANDER

WASHINGTON—Most tragic, yet heroic, spectacle of the 1944 campaign was President Roosevelt voting at Hyde Park last November 1944, he had walked into the old Town hall on the arm of his bodyguard and with the aid of a cane. He stood while he answered questions of election clerks, then

his assistant stood.

Last fall he was seated up the nose, placed in a wheelchair, at these times he signed the poll book, telling the clerk, "Just tell I mostly tell that on my face."

Then he was wheeled over to the voting machine. Charles Frobenius, secretary of the house, he was seated over by Frobenius and another secret service man in the voting machine column.

Waiters saw two hands, trembling, reaching at the top of the booth, straining to hold the weight which pressed legs no longer could support.

Continued, Frobenius, one hand would release its hold, while the other clutched where an anchor stretched fast to support the President's balance. The other hand poked at the lever, trying unconsciously to close the curtains and establish the electrical contact.

### COMMENT:

From Late Washington

Prime Minister Winston Churchill, Secretary, informed by the United Press late Thursday night of President Roosevelt's death, ex-claimed "Good God!" he said he would advise the prime minister at once but did not expect a public statement until Churchill made a formal statement in the house of commons probably Friday.

The German RSH agency learned that the news of President Roosevelt's death without comment at 12:05 a.m. Friday under an Amsterdam deadline, quoting a report of the British information service.

Great Britain received the news of President Roosevelt's death shortly before midnight Thursday as a shock of staggering degree from Prime Minister Winston Churchill's resignation to the news in the street.

Mayor F. H. LaGuardia of New York—"It is the greatest loss the preceding people of the world have suffered in the entire war. The shock is so great that it is extremely difficult for me to realize fully what has happened. There is only one thing we can all do as good Americans—in pity adequate tribute to this war casualty—and that is to unite in carrying out his dream for world justice and permanent peace."

Frank Scheraga, president of the New York stock exchange

"This is a great tragedy. We all feel we have lost a great man. Now is the time for everyone to rally around Mr. Truman. I have every confidence that Mr. Truman will be able to pick up the reins and carry on."

Sen. Joseph R. Ball (R., Minn.) said "It is a terrible shock. Thank God the war in Europe is so nearly over and the war in the Pacific is going so well. President Roosevelt will be sorely missed in the next few months. His death places a tremendous responsibility on Mr. Truman, in whom personally I have great confidence."

### Senior Executive Committee

The officers of the Senior Executive Committee of the January class were Gerald Ireland, president; Bob Sklenar, vice-president; Marilyn Evans, secretary; and Marilyn Collins, treasurer. The committee was composed of one student from each 12A home room and they met one morning a week. Members reported back to their home rooms and in this way the students were kept informed on the class activities.

The Senior Executive Committee handled the business of the 12A class and voted on expenses paid by the class. Their advisers were Mrs. Jolly and Mr. Palmquist.

### Social Committee

The social committee of Roosevelt High School is a newly organized group of students from the senior class.

The social committee was organized to plan the senior banquet and to write the class will and the prophecy. The class theme decided upon was **Alcan Jaunt**. An Alaskan setting was used. The January graduates of 1945 met in an Alaskan airport and projected themselves into the future of 1960. Parties for the committee were held at the homes of Miss Nelson, Mrs. Jolly, and Dorothy Holstrom.

Miss Mercedes Nelson was the adviser of the social committee.

## Senior Executive Committee

The Senior Executive Committee is composed of the 12A class officers and one representative from each 12A home room.

The job of the committee is to take care of all class business. During home room period, members report back to their respective home rooms the decisions and suggestions made at the meetings. Every Thursday morning meetings are held in room 323.

Officers are Bill Schimmel, president; Bill Snyder, vice-president; Betty Fahlin, secretary; Eddie Stevens, treasurer; and Forrest Near, sergeant-at-arms.

Advisers of the Senior Executive Committee are Mrs. Bergfalk and Miss Heilman.

## June Service Point Honor Roll

To qualify for the Service Point Honor Roll, a 12A student must have earned at least 1,000 service points during his three years at Roosevelt High School. This is one way of honoring those students who have given outstanding service to their school.

Points may be earned by being a member or an officer of an organization, a home room officer, a participant in sports, and by participating in various school functions. As only five per cent of the graduating class is eligible for the honor roll, most of the students must have earned over 1,000 points. Sixteen students of the June graduating class made up the five per cent allowed on the service point honor roll.

## PAUL BUNYAN DRAG

Paul Bunyan day is always held on the last day of the football season. This year the drag ended with a dance in honor of Paul. Plaid shirts and checked dresses were definitely the vogue. Doughnuts and cakes were served in the lunch room.

## DRAMA

Enacting a one-act play for Miss Leith Shackel's fourth period dramatic class are Paul Eaton, Beverly Olson, and Eugene Hanson. Many skits are given during the term which are directed by student coaches. Poise and good speaking ability can be learned through dramatics. Acting in the plays can be fun, but it also required hard work and concentration.

## SQUIRREL TWIRL

Clellan Card acted as master of ceremonies at the Squirrel Twirl that was held on April 6. This dance was sponsored by the German Club. Sherman Hector's band furnished the music, and the Roosevelt Girls' trio did the vocalizing.

## THE ROOSEVELT SWING BAND

*I hope you keep up with your music and enjoy it as much as I do all the luck in the world*  
A well known but a very little advertised organization is the Teddy Swing Band. It has played for nearly every school dance this year. There are eleven members in the band. Though the band has no assigned director, Duane Solem and Ed Haines manage it.

SHOULD PRECEDE

## All Other Plans

If you look for a job, you'll find it sooner . . .  
and you'll find a better job . . . once you  
have the Better Business Training—M. B. C. of  
course.

—And if you do go on to college or "U", take  
your Business Training **first**. It's the best assur-  
ance that you will be able to finish whatever  
you start.

Attend the "Modern Minneapolis" business  
college, where training and placements both  
excel; where tuition is moderate and advance-  
ment is swift.
